

# KIDS, Build Your Dream Community!

Voices On Canvas Inc  
12th Annual

## LEGO BUILD CHALLENGE

'BUILDING COMMUNITY  
BLOCK BY BLOCK'

\$500 1<sup>st</sup> Place

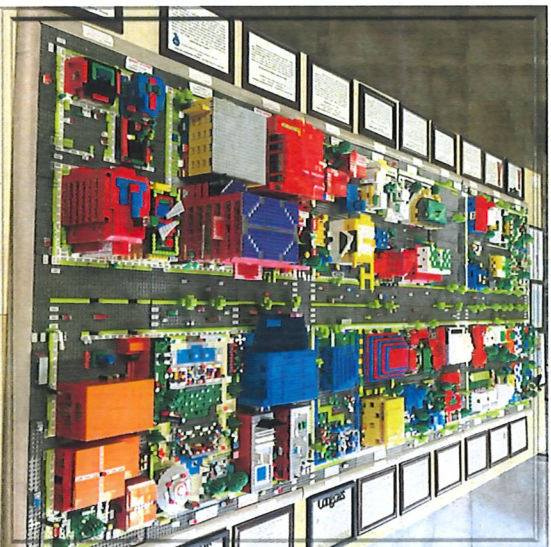

### OUR MISSION

Voices On Canvas Inc provides youth with the platform to develop essential communication and civic skills, fostering expressive dialogue through the medium of art.

### OUR GOAL

VOCI produces future socially responsible leaders as youth learn what makes a great place where people want to live, work, and play; that is people want a clean and safe pedestrian friendly environment that embraces cultural, social and economic diversity.

*Creating places people want to be...*

Email Address \_\_\_\_\_

Guardian's Name \_\_\_\_\_

\*Team Leaders will receive a mailed detailed instruction packet prior to the LEGO Town Hall Meeting!

## 2022

**CAR-FREE Walkability is Cool & Green**  
Building The Future!

Young potential city planners envision an ideal place to live, work and play. The community build is constructed using familiar LEGO bricks provided by Voices On Canvas.

In a 4-WEEK time-frame youth ages 8 – 16 work in teams of 2 - 4 family members, friends, etc. Each team's contribution is placed and assembled into the built community display model and judged.

At least 1 registered team member is required to attend all scheduled events. During the LEGO Town Hall Meeting, teams review challenge instructions. Professionals will share in the fun with the kids assisting teams with knowledge of planning, building and community design. All teams will meet each other and begin working to build a 'Great Community'.

Judging is based on team collaboration, creativity, a written and oral presentation about their build. Attention is given to creating a healthy sustainable community environment.

1st, 2nd & 3rd place winners receive cash prizes. All participants receive a *Certificate of Recognition*.

Events such as these help youth analyze what matters "most" . . . find their voice and think twice about how their actions provide ideas that better communities in the future.

## 2021 WINNERS
